The Women Presidents' Educational Organization (WPEO) was founded in 1998 by Dr. Marsha Firestone. The WPEO functions as a regional partner organization (RPO) of the Women's Business Enterprise National Council (WBENC), the nation's leading advocate of women-owned businesses and third party certification organization.

The Women Presidents' Organization is a non-profit membership organization for women presidents of multimillion-dollar companies worldwide. The members of the WPO take part in professionally-facilitated peer advisory groups in order to bring the 'genius out of the group' and accelerate the growth of their businesses.

Leading Women Entrepreneurs is a media and events company that recognizes outstanding women business owners and provides educational resources. The mission is to create a sustainable, ongoing environment that brings leaders together and showcases their attributes and contributions.
